THIMBLE BRIDGE

A Schneider-made Porcelain Thimble Bridge begins with the casting of hard inlay gold thimbles as illustrated. On their correctness of design and character of gold the entire success of a Porcelain Thimble Bridge depends.

Beautiful life-like translucent porcelain completely conceals the gold Thimbles including all reinforcing framework and designates it a Porcelain Bridge.

Characteristics of a Porcelain Thimble Bridge are: strong as gold, beautiful as diamonds, natural as nature. The zenith of Porcelain bridgework.

## **Plans for American Dental Association Meeting Completed**

**Chicago Hangs Out the Welcome Sign**

The Illinois State Dental Society and the Chicago Dental Society will act as joint hosts to the American Dental Association for five days beginning September 13. The preliminary program is complete and appears in the current issue of the *Journal*. Over 75 essayists and nearly 200 clinicians will participate in the scientific sessions which will be held at the Hotel Stevens. These essayists and clinicians have been carefully selected and represent the best talent that the country affords. Every phase of dentistry will be touched upon and the latest developments in dental research will be presented.

Arrangements have been made for a total of 234 exhibit booths for the commercial exhibits at the Stevens as well as some 100 scientific exhibits from near and far.

The first event of the program is the golf tournament which gets under way, Monday, September 13, under the auspices of the American Dental Golf Association. Any member in good standing of the American Dental Association may become a member of the Golf Association upon payment of dues. The tournament will be held at the beautiful Olympia Fields Country Club in Chicago Heights, which is easily accessible to Chicago's Loop. Preceding the tournament on Sunday, September 12, there will be the colorful and highly interesting Calcutta Pool at the Blackstone. In this event

the winners stand to win a considerable sum.

### **HOUSE OF DELEGATES**

The House of Delegates will hold its meetings at the Sherman Hotel, far from the maddening crowd. For the convenience and comfort of the delegates, the general secretary, Dr. Harold Hillenbrand, has arranged for desks to be set up so that each delegate will have plenty of elbow room. The arrangement will be similar to the one inaugurated for the first time at the Boston meeting and which met with such unanimous approval. Page boys will be on hand with microphones so that whatever is said can be heard by everyone in the room.

The delegates have considerable business to accomplish, not the least of which is the task of balancing the budget which missed the mark last year by some \$300,000. There is also the matter of the new constitution and by-laws which will come up for approval at this meeting. The California Plan which calls for a reduction in the size of the House will undoubtedly be discussed at considerable length.

Dr. Leo W. Kremer is Chairman of the General Arrangements Committee for this year's session. He and his committee have been hard at work since the first of the year and are determined to make the 89th annual meeting an outstanding success.

## THE ROSTER—A NECESSARY EVIL

From time to time complaints have been registered by members of the Chicago Dental Society relative to the cluttering up (as someone phrased it) of the pages of this magazine during the summer months with the membership roster. Many readers apparently feel that the magazine might better devote itself to the dissemination of scientific knowledge throughout the entire year.

The publication of the roster, however, does serve a useful purpose besides giving the editorial staff a break, and by carrying it in the regular issues of the magazine we save considerable money. The names that appear in the roster are taken from the files of the Central Office. Not infrequently mistakes occur either in the spelling of the name or in the address, which prove embarrassing if not discovered. And the only way these mistakes can be discovered is by having each member check for himself.

This year we are cutting down materially on the number of issues that carry the roster. As a matter of fact, there will be just one-half as many. We hope you'll like it.

And while on this business of discussing the magazine, it seems apropos to toss in a word of commendation for the printer. During the recent emergency when union shops had to depend upon the vari-typer, our printer had the work done by compositors at considerable cost to himself. Only two issues of the FORTNIGHTLY were set in vari-type and, as everyone knows, the compositors did not return to work until June 28.

## MANPOWER SHORTAGE

The powers that be in Washington are getting all hot and bothered about the possibility of a shortage of dentists in the armed forces. The original plan which was considered by Congress made all dentists up to forty-five years of age subject to immediate call. This plan was shelved during the last days of Congress, and it now appears that the provisions of the Selective Service Law, calling for the drafting of dentists up to twenty-six years of age, would prevail.

Both the Army and the Air Forces, however, are operating far below their normal requirements, according to a recent A.D.A. release, and the situation has become so dire that unless additional dental officers are recruited the operation of the Selective Service Law will be definitely impaired. The Selective Service Law states that "no person shall be inducted for training and service until adequate provision shall have been made for . . . medical care and hospital accommodations for such persons." If the Dental Corps is unable to carry its share of the medical load, the drafting of soldiers would have to be curtailed. In that case, it is more than likely that the original plan of making all dentists up to forty-five years of age subject to call will be reconsidered.

## INFANTILE PARALYSIS

The most dangerous time of the year for children is here and infantile paralysis is on the march again. Whatever the dentist can do to publicize the preventive measures of this dread malady will help cut down its incidence materially. Our medical confreres may indulge in a bit of guesswork as to the mode of entry of the elusive polio virus, but they are not guessing when they lay down certain rules for parents to follow if they wish their children to stay out of trouble.

Extreme fatigue makes a child more susceptible to polio so that strenuous play, late hours or swimming in very cold water should be avoided. Mingling with crowds in the theater or in buses and trains is fraught with danger. Very likely, and this is where the dentist comes into the picture, mouth and throat surgery should be postponed, if at all possible, whenever the disease is rampant. If, despite all these precautions, a child develops certain symptoms, such as fever, headache, nausea, upset stomach or muscle soreness, he should be taken immediately to a physician. Infantile paralysis starts in much the same manner as do many other childhood diseases. It is no respecter of persons, it hits rich and poor alike. One cannot be too careful.

## TAILOR-MADE SAVINGS

There is no question that most professional men are busier today than ever before. Consequently they are making more money and have more money to invest. They no doubt try at least to invest their surplus funds in a manner that will insure safety and at the same time bring a fair return. Unfortunately, all too often the men who enjoy good practices are not sound investors. To use the vernacular, they are apt to be suckers for the promoter, whether he is selling stock in an oil well or a gold mine. Some of them hit the jackpot, but the vast majority lose their shirts.

Fortunately there is a mode of investment that is ideally fitted for the busy professional man. It is called the Bond-A-Month Plan and nearly every bank in the country is enrolled in it. All one need do is to authorize the bank to deduct a given amount each month from his checking account and purchase U. S. Savings Bonds. It is a completely automatic savings system and over a period of years the accumulations are amazing.

Supposing, for example, one decides to put aside a hundred and fifty dollars' worth of E bonds every month for ten years and reinvest at maturity. He will have invested \$18,000 and will get back \$200 per month for ten years, or a total of \$24,000. Not bad! And if an emergency should arise, the bonds are redeemable in cash or they make excellent security for a loan.

# Tumors of the Mouth\*

By Carroll W. Stuart, M.D., D.D.S., Chicago, Illinois

*Question:* What characteristics of lesions of the mouth would make you suspicious of a malignant tumor?

*Answer:* Never be sure of any lesion of the mouth as being a benign affair. The more nearly the appearance of the lesion resembles the surrounding tissue, which you know to be normal, the more benign the lesion tends to be. Benign tumors differ from the malignant type, as a rule, by the fact that the former are usually rather soft in texture, pedunculated, and react only in a very limited area; but a microscopic examination is the most positive of the diagnostic tests. Lesions which remain over a period of three or more weeks in an ulcer form should be classed as suspicious of being malignant.

Malignant tumors may occur in the form of ulcers with rather firm margins, resist mild treatments, or as swellings of single character or multiple papillomatous wartlike tumors with a sessile base.

*Question:* Would you advise scaling teeth and trying to treat an ulcer of the mouth before taking a biopsy?

*Answer:* If the ulcer was adjoining teeth which were definitely known to be associated with a pyorrhea condition and the soft tissues were rather soft in texture, it might be all right to scale and treat, but if the soft tissue margins are rather firm and have been present for a period of three weeks or a month without tending to heal, I would advise a biopsy.

*Question:* In cases of carcinoma of the mouth where teeth are found to be within the area of the tumor mass, would you extract the teeth before directing treatment toward the tumor itself?

*Answer:* Any surgical manipulation of the tumor tissue tends to aggravate the condition and we have reason to believe it increases the possibility of metastases. Removal of a tooth from such an area is

frequently associated with severe hemorrhage which requires even more manipulation. When surgery is indicated, the teeth involved should be removed with the section of bone which is involved. If irradiation therapy is to be used, perhaps it would be well to consider the technic being employed in the Tumor Clinic at the Cook County Hospital in Chicago, where the x-ray therapy is started and when an accumulative dose of from 1200 to 1400 roentgen units has been given, the teeth are removed and the therapy continued. (This technic is in the experimental stages as yet, but it does seem to have value.)

*Question:* Do you prefer x-ray and radium therapy to surgical removal of these tumors?

*Answer:* The days of preferred irradiation to surgery are past. Nowadays tumors are classified either from their microscopic examination or from the experience of the doctor who is responsible for the case. Some tumors are so ray sensitive that surgery is simply not indicated, while others are so resistant to rays that surgery is the procedure of choice. Other tumors require a combined treatment of both irradiation and surgery. The age of the patient, type of tumor cell, extent of the tissues involved when the patient submits for treatment, and the rapidity of tumor growth are a few of the additional factors to be considered when outlining a course of therapy. No longer do we look upon the small tumors as calling for surgery and the larger growths as being limited to x-ray or radium therapy, because quite frequently the opposite will be found the more practical.

*Question:* How do you make a diagnosis of carcinoma when it is within the bone?

*Answer:* Rarely can the diagnosis of carcinoma be made by roentgen examination alone except when there is definite

\*Presented on the Questions and Answers Program of the 1948 Midwinter Meeting.

evidence of bone destruction and even then one can merely say that the radiograms reveal a characteristic of a malignancy. The microscopic examination is the only positive means of making a diagnosis and, therefore, a biopsy should be obtained.

*Question:* Patients of advancing years frequently present with lips which seem to scale off easily leaving a small sore that takes a little longer than usual to heal. How do you care for such cases?

*Answer:* Removal of all the mucous membrane from the lingual margin of the contact zone of the lip to the vermillion border, followed by suturing the lingual border of the wound to the skin margin, will undoubtedly prove most satisfactory. (This has been done at the Mayo Clinic for some time and has proven very satisfactory. Others may be performing such operations, but we have not learned of their conclusions regarding the procedure.) We believe the operation has more to offer the patient than any other form of therapy.

*Question:* How long does it take for the effect of radium or x-ray to wear off before dentures may be fitted?

*Answer:* This problem varies with the amount of irradiation that has been given as well as the percentage of Beta rays used. In general, following an average heavy course of irradiation therapy, it would be well to delay fitting dentures for at least two years and even then it is advisable to keep very close track of the patient by examinations every two weeks or less, if necessary, for a few months, lest the tissues start breaking down. In the event the tissues do start breaking down, the patient should discontinue wearing the dentures for some time longer.

*Question:* How long do you keep track of your patients by re-examination after you believe them to be cured?

*Answer:* That word "cured" should not be used in connection with the handling of patients who have suffered from a malignant tumor, not because they cannot be cured, but because these diseases

may recur or new ones start. It is much better to consider the patient's condition as showing no evidence of malignant disease. They should be examined every week or two for at least three months, every month for two or three years, and then every six months for the next five years. Some times the character of the primary tumor requires even more frequent examinations, while others may be delayed a little longer; but in general it is well to keep tract of the patient for at least ten or even more years.

*Question:* What is the relation of the products of the atom bomb laboratories to the treatment of cancer and how are they being used in cancer research?

*Answer:* By use of the uranium irradiation "pile" as a means of producing isotopes of many other elements, such as iodine, phosphorus and sulphur, which can be utilized in the form of medicine, the hope is to either reduce the activity or destroy pathological tissues within the body. Experiments to date have established some important facts with greater hope in future developments.

The tracer isotopes are used as a means of finding where certain elements, such as calcium, go in the animal and human bodies with a view to finding out how the element is utilized. This is a new approach to the study of physiology. It is believed that this additional information will become an important key to a more thorough understanding of pathological changes, some of which will relate to malignant tumors.

Future scientific developments may prove our present methods of treating cancer to be all wrong, but until we do have new and better ways of coping with this group of diseases, we must continue to attempt to destroy them. Men on the Research Fronts have found many acids within the human body which are cancer producing chemicals. It is my sincere hope that somehow, in some way, they will find a way to neutralize, to dilute these acids and prevent cancers from ever developing.

# NEWS AND ANNOUNCEMENTS

## CANCER LECTURE COURSE AT ILLINOIS

The University of Illinois College of Dentistry will sponsor a course in the fall dealing with the diagnosis and treatment of cancer. The course is scheduled for six consecutive Wednesday evenings from 7:30 to 9:30 and will begin on Wednesday, October 6.

The course has been organized in response to a growing recognition of the need for early oral diagnosis in cancer control and will place especial emphasis on the characteristics and differential diagnosis of oral lesions. It will include lectures on cancer research, surgical and radiation treatment, and surgical and prosthetic reconstruction. The final period on November 10 will be devoted to a round table discussion.

The tuition charge for the course has been waived through the courtesy of the American Cancer Society. Dr. Bernard G. Sarnat, head of the department of oral and maxillofacial surgery, will be in charge of the course and arrangements are being considered for the transmission of the lectures by telephone to groups of dentists and physicians who reside outside of Chicago. Further information and registration for the course may be obtained by writing Dr. Isaac Schour, associate dean in charge of postgraduate studies, at the College of Dentistry, 808 S. Wood Street, Chicago 12, Illinois, or calling him at Monroe 3900, extension 491.

## MEDICAL RESERVE ACTIVITIES

It is contemplated that a weekly program will be presented on one of the major radio stations in Chicago commencing in September 1948. Its purpose will be to publicize the Medical Reserve Program in the Chicago area. The script

will concern itself primarily with interesting experiences of physicians, dentists, nurses and other members of the Medical Reserve Corps, which occurred during periods of active duty.

The office of the Illinois Senior Instructor for OR would appreciate any material of this type which you may have. If a particular Reserve Officer is interested in appearing on a program, he would be doing a service to the Reserve Corps.

Vacancies now exist for Dental Reserve Officers in connection with National Guard summer training being held at Camp Ellis, Illinois.

Due to increased operations within the Medical Department of the Army, a definite need exists for Dental Reserve Officers on extended active duty.

For further details contact the Medical Instructors at 226 W. Jackson Blvd., Chicago 6, Illinois.

## VETERANS ADMINISTRATION ANNOUNCES WAGE INCREASES

Approximately 15,000 physicians, dentists and nurses in Veterans Administration Department of Medicine and Surgery received annual wage increases of \$330 effective July 11, 1948.

## NATIONAL DENTAL RESEARCH ACT PASSES

The 80th Congress passed Public Law 755, the National Dental Research Act, at its last session and the law has been approved by President Truman. Representative Walter E. Brehm of Ohio, a dentist, was responsible in a large measure for its passage. The law sets up a National Institute of Dental Research, provides for an advisory council with twelve non-federal members, and authorizes \$2,000,000 for the Institute structure and equipment.

## **DENTAL HEALTH EXHIBIT AT COOK COUNTY FAIR**

Dr. J. Roy Blayney, Chariman of the Committee on Dental Health Education, announces that plans have been completed for a bitewing x-ray examination exhibit at the Cook County Fair, which will be held in and about Soldier Field from August 27 through September 6.

This demonstration exhibit will portray in an excellent manner the need for x-ray examinations in providing adequate dental care. The exhibit is co-sponsored by the Committee on Dental Health Education of the Chicago Dental Society and the Illinois Division of Public Health Dentistry. Dr. John E. Chrietberg, Chief of that Division, is providing two x-ray machines and three technicians for the duration of the Fair.

Children who have application forms signed by their parents will be x-rayed in full view of audiences passing by the various exhibits. A two film mount will be mailed to the parent of each child with instructions to take the films to the family dentist for interpretation. A return form is provided for the dentist to indicate any dental care that is given as a result of the x-ray examination.

This exhibit of the Committee on Dental Health Education will be held on the balcony at the south end of the Soldier Field Stadium. The management of the Cook County Fair is to be commended for its health-mindedness in making space available to qualified health agencies.

The Fair is open daily from 9 a.m. to 9 p.m. All members of the Chicago Dental Society are cordially invited to visit the exhibit and observe one of the activities of the Committee on Dental Health Education.

## **MINOR ORAL SURGERY REFRESHER COURSE**

The University of Illinois, College of Dentistry, is offering a postgraduate refresher course in minor oral surgery of four weeks' duration. The first session will run from October 18 to November

12, 1948, and the second one from February 21 to March 18, 1949.

This course is designed primarily for the general practitioner and will consist of didactic and clinical construction. The didactic work will cover the essentials of oral and maxillofacial surgery.

A chance will be given to each student to participate actively in the minor oral surgery clinic, although the more difficult cases will be demonstrated by faculty members of the College of Dentistry.

Registration will be limited to four students in each class and the course is offered under the G. I. bill of rights.

For further information write Dr. Bernard G. Sarnat, University of Illinois, College of Dentistry, 1853 W. Polk Street, Chicago 12, Illinois.

## **MANILA DENTAL SCHOOL NEEDS BOOKS**

The College of Oral and Dental Surgery in Manila, which was looted and destroyed by the Japanese during their occupation, is in the process of rebuilding. The school particularly needs books. Members of the Chicago Dental Society can do the school a great service by sending books that they are not using to the Central Office where they will be crated and sent to Manila. The school can use any and all books on any dental subject regardless of their condition or vintage.

## **DETROIT DENTAL SOCIETY ANNOUNCES ANNUAL REVIEW**

The Detroit Dental Society will hold its Seventh Annual Dental Review at the Hotel Book Cadillac on Wednesday and Thursday, November 3 and 4, 1948. The two-day meeting will consist of Essays, Limited Attendance Clinics, Table Clinics and Commercial Exhibits. Members of the Chicago Dental Society are cordially invited to attend. For program and reservations write to: Dr. Leon A. Katzin, General Chairman, 4421 Woodward Ave., Detroit 1, Michigan.

## COUNTY HOSPITAL X-RAYS PATIENTS

Cook County Hospital has taken a notable step forward in efforts to stamp out T.B. by adopting a policy for the routine chest x-raying of all applicants for admission to the hospital.

In the first month of operation over eleven percent of the films showed suspicion of pathology of which 4.2 percent indicated tuberculosis. Volume of applicants at the hospital ranges between 500 to 1000 per day.

## CHICAGO'S HOUSING PROBLEM

The Chicago Plan Commission estimates that there are 100,000 more families in Chicago than dwelling units, and 100,000 dwellings now occupied are judged unfit for occupancy. The twenty-three square miles of slums and blighted areas are occupied by 840,000 persons living in 240,000 dwelling units, many unfit for habitation. Our veterans still live in quonsets, shacks and trailers or have moved in with in-laws. According to the 1947 United States Census Survey, Chicago has the lowest housing vacancy rate of any large city in the country. There are 150,000 families without baths, 82,000 families have no toilets or baths, 4,000 have outside toilets or none at all, 17,000 have no place to cook, and 5,000 have no electric lights.

## NAVAL BULLETIN PRESENTS DENTAL ACTIVITIES

The Ninth Naval District News Letter and Bulletin, which is published weekly at Great Lakes, devoted most of its July 5 issue to dental activities. The News Letter of that week was mailed to every Reserve Dental Officer residing in the Ninth District. The following items were gleaned from the Letter:

The Great Lakes U. S. Naval Dental Technicians School was opened officially on June 26 and, in the first large scale outdoor inspection and review of the season, Rear Admiral J. Cary Jones, USN, Commandant Ninth Naval District, the reviewing officer, stated that it

was a great step forward in the continuing progress of naval dentistry. Dean Freeman of Northwestern participated in the ceremony. The school for dental technicians has a capacity of 150 students and gives a sixteen week course in General Dental Technology. This course prepares students to assist dental officers at the chair, do oral prophylaxis, and process x-rays.

Dental postgraduate (intern-type) training is being made available to a limited number of recent graduates in dentistry who will accept appointments in the rank of lieutenant (jg) in the Dental Corps of the Regular Navy. The first course will commence on August 23, 1948.

A mobile dental unit is now being used to bring dental treatment to some 1150 naval personnel throughout the western part of the District. The unit is equipped for all types of dental operations, including oral surgery.

Vacancies still exist in the Regular Navy Dental Corps. Recent legislation provides that officers appointed in the dental corps prior to September 1, 1952, and dental officers of the Naval Reserve who volunteer prior to that date and are accepted for active duty for one year or longer, shall be entitled to receive \$100.00 a month in addition to their regular allowances. At the present time, civilian dentists desiring appointment in the Dental Corps of the Navy are not required to present themselves for the extensive professional examinations heretofore required for appointment. The current professional examination consists of a review of transcripts of scholastic records, and other credentials, by a board of dental officers in the Navy Department.

Fourteen days' training duty is offered every 9th District Reserve Officer during the fiscal year which will end June 30, 1949. Reserve Dental Officers may request this training duty with the Dental Department Administrative Command, USN-TC, Great Lakes, Illinois, or with the Dental Department, U.S. Naval Hospital, Great Lakes, Illinois.

## NORTH SUBURBAN

More than a few of our members have convinced us that we have at least a prolific organization, but none as forcefully as Blaine Rhobotham who became the proud possessor of a set of twins (thereby lapping the field) on July 22. To allay the possibility of a disappointment as to sex, he, or rather, his wife had a boy and a girl. We might add with a keen sense of disappointment that to

date we have received no cigar for either twin, but we are quick to realize that Blaine has his hands full—both of them. . . . Other vital statistics reported during the last fortnight are the marriage of Jay Welborn (to a young lady), and George Blech's recent foster-parenthood to nine Boxer pups. . . . Chuck Mercier is "vacationing" with his wife's folks in Ohio; Al Parcell is back from Europe; Len Grimson is back from Milton, North Dakota, which is just down the road a piece from Cracked Sidewalk, Nebraska; Leo Tasto took a week off to play golf and is reliably reported as having shot 126 holes in 11,342. . . . Adrian Swanson recently picked a daily double at Arlington and is currently studying with an actuary the possibilities of a four-horse parlay at 1325 to 1. . . . Maynard Cook recently moved into a new house in Glenview; W. I. Williams is vacationing in Bermuda; and last and undoubtedly least, our good friend and literary colleague, Bill McGuire, went to the Railroad Fair (or fare). . . . Just before we close, we should like to face East and lower our heads in three minutes of silent prayer for Paul Wilcox, who is losing the best assistant we have ever watched dismiss a patient or a salesman.—*Grant A. #### NORTH SIDE

One of the biggest news items to hit the North Side Branch for sometime was the recent marriage of Bernié Rabin announced very casually a few weeks ago. It looks like the last of our stand-by bachelors who have been offering advice and consolation in many cases to all old married men, even to the extent of kissing their babies and taking their wives for a ride, has finally been corralled. More power to the new Mrs. Rabin. We, his old friends, will all be present at a big get-together on Dan Peterson's yacht when the radiant couple return from an extensive tour of South America and Hawaii. Certainly hope Willard McEwen can arrange to be present to offer a few

helpful hints on a long successful marriage. . . . H. W. McIntyre returned from a successful vacation spent at the Edgewater Beach resort at Atkin, Minnesota (his in-laws' place), where fishing was wonderful. . . . George Carroll has recently returned to Chicago from Manila and Okinawa where he spent two years. . . . I. H. Shapiro with his family has returned from his vacation in Washington, D.C., New York and Philadelphia, where he attended the Progressive Party convention as a delegate from the 49th Ward. . . . M. Nilsson left for the North Woods and a well deserved vacation devoted to fishing and large doses of rest. . . . Bob Oppice, after successfully staging the golf tournament, had a well deserved vacation in Petoskey, Michigan, where he caught quite a few big fish. . . . Deacon Weber is again vacationing this month in his Rhinelander cabin. Hope he catches a fish. . . . Sid Goodney writes from Ishpeming, Michigan, that he is combining golf and fishing during his vacation and it is wonderful. . . . Zack Ford is enjoying an extended vacation in Canada where the fishing and loafing are wonderful. . . . Sid Pollack has moved back into the Field Annex and a beautiful, spacious, modernistic air-conditioned office. Good luck to you, Sid, this time. . . . Henry Mittelman is vacationing in his Eagle River lodge and it says here that "the fish are too big." . . . Homer Hunley received delivery on a new 1948 male colt on his Barrington farm. Homer and the colt are doing as well as can be expected. . . . S. S. Fine is celebrating the first birthday of his fourth daughter, which should be a record even in the North Side Branch. . . . Bob Atterbury recently published an article on monocytic leukemia and associated findings in the mouth, which was interesting reading.—*F. A. Napolilli, Branch Correspondent.*

#### NORTHWEST SIDE

With the usual hot and humid summer weather upon us, golf outings, vacations

and summer homes seem to be the order of the day. These days anything is a good excuse to get away from that chair. Quite a few of our members are taking advantage of the summer weather by commuting to various places outside the city. Larry Peacock is making regular trips to Chain of Lakes, Wisconsin, while John Meinhardi does the same to Whitehall, Michigan. McHenry, Illinois, is the place that lures Ed Faller on week ends. . . . Pete De Boer's golf game should improve now that he has joined Sky Crest Country Club. . . . Irv Neer got away from it all for awhile and spent some time in Michigan City. . . . A misbehaving tendon in one of his fingers was Frank Biedka's excuse for spending a few days in Passavant Hospital. After a lengthy session of carving and cutting, Frank reports that he's just about back to normal. . . . Tom Johnson reports by post card from Charlevoix, Michigan, that he has become a sailor and is making a three-weeks' cruise of Lake Michigan. He sends his regards to all the boys and reports the weather is cool. . . . By train and plane, Mark Spencer is trying to set some sort of a record. He's on a three-weeks' tour and expects to visit Los Angeles, San Francisco, Portland, Seattle, Victoria, Vancouver and Lake Louise in Canada. He's returning by way of Walker, Iowa. That's quite a trip and should keep Mark satisfied till next year. . . . Carl Swanson prefers the opposite direction and is spending two weeks in New Jersey. . . . A new x-ray machine is the latest addition to the office of John Heinz. . . . That's all for now.—*Toby Weinshenker, Branch Correspondent.*

#### LENWOOD-HYDE PARK

Col. Robert J. Wells, who was vacationing on the West Coast, decided to do a little Croppie and Blue Gill fishing in Alaska with his trusty fly rod. The Croppies and Blue Gills were so big up there that it took fifty minutes to land one. In fact, after landing a fish he would

have to retire to the bank to lie down and rest. (The Croppies turned out to be Rainbow Trout and Salmon.) Fishing was out of this world! I would like to give more details, but Robert is exclusive publicity agent for the Alaskan Recreational Bureau, so I would suggest you ask him the details. Also, if you would like to know how come the "Colonel" Wells, ask him. He has been hob-nobbing with four and five star Generals, Assistant Secretaries of War and Admirals. Anyway, Bob, we're glad that you had such a swell time. . . . After listening to Bob Wells' stories, Bill DeLayre has decided that, since he can't go to Alaska, he will go to Nipigon, Ontario, which until now has been fisherman's paradise. Next year it's Alaska for Bill. Take a couple of extra rods and reels, Bill, for they tell me they come big up there. On his way up he will visit Ishpeming, Michigan. Have a good time, Bill, and let's see a few pictures of the big ones. . . . Louis Prendergast has got the California fever and is making all preparations for his trip. . . . Harry Hartley, Bud and Harry Jr. are heading for Munising, Michigan, for a little fishing and a visit with Dr. Baxter, who formerly practiced in Chicago. They will complete the Circle Trip of the Lake, coming back on the Michigan side. That's a beautiful trip, Harry. Hope fishing is good, and a happy journey! . . . Willard Johnson is now enjoying the cool Minnesota breezes up at Ely. We hope it does Mrs. Johnson a lot of good. . . . The Ben Herzbergs are out Yellowstone Park way, and having a grand time. . . . Tom Humble will leave for Greenbay, Wisconsin, and points north for the month of August. . . . Bob Pinkerton is spending his week ends at his villa on Lake Geneva. . . . Larry Johnson had a wonderful trip East, and the Cadillac was all that could be desired. While in New York he spent some time with Drs. McCormick and Wasserman. He also had a visit from Dr. Plass, of Dubuque, Iowa. . . . Our president, Chet Blakeley, reports that arrangements for a joint meeting with Northern Indiana have been completed, and that the meet-

ing will be held at Phil Smidt's in November. Chet leaves for his cottage at Twin Lakes, Wisconsin, for a couple of weeks. Have a good time, Pres. . . . Otto Mast will do his fishing in Colorado this year. We will await those fishing stories, Otto. Have some good fishing! . . . Your scribe will try his hand at fishing at Hayward, Wisconsin. Don't expect anything in the way of fish stories, for the bloom will probably be on the Lake. . . . Any news call me at South Chicago 1823.—*Elmer Ebert, Branch Correspondent.*

#### WEST SIDE

It is still vacation time. From the poor response that I got from telephone calls, all hard working men have taken time out to pause, relax, rest and play. The following subscribe to this idea and have headed for the wide open spaces. . . . Robert Tuck, his wife and baby, and Frank Conklin are vacationing for two weeks in Canada. . . . Franklin Nienstedt has recently returned from a very enjoyable visit to Yellowstone National Park where he caught plenty of mountain trout. . . . George Blaha is basking in the Canadian sun. He says that fishing is fine. . . . Samuel Kretshmer and Robert Bailey just can't decide whether to go to the mountains or the seashore for their vacations. Since these gentlemen have no wives to make the decision for them and they can't break the deadlock, they will have to stay home and take care of those offending teeth. . . . The news of William Whittaker's good fortune just reached

this office. It seems that Bill won the low net score at the Kennedy golf outing. The award was a beautiful golf trophy. Congratulations, Bill. . . . Herman Nedved is now busily engaged in harvesting the crops from his garden before taking off on his two weeks' jaunt up to the Minony, Wisconsin, district. How about some share croppers, Herman? . . . George Vogt and family are now warming up the motor on Crystal Lake, Leona, Wisconsin. They will be joined by Harold Gillogly and Ernest Brogmus with their families during the latter part of their stay. Harold and Ernest are desirous of having George teach them the "sure catch 'em fishing technique." . . . James Dillon is sunning himself at the Grand Hotel in Mackinac Island. . . . Walter Kelly just left for the North Woods to do some deep thinking. He is chairman of the entertainment program for the ensuing year. . . . Don't forget to call Victor Hogstrom for that dinner ticket. This ticket is good for the six dinners to be served at our six winter meetings, the first one to be held on Tuesday, October 12. . . . We regretfully report the sudden attack of illness of William Ashworth. He is now resting in the Garfield Park Hospital and is doing as well as can be expected. We are all pulling for you, Bill. . . . Since vacations are contagious, yours truly is going to steal away to the North Woods for a spell. Carlisle Weiss and Irving Fishman have graciously consented to take over this column for the next two issues.—*Irvin C. Miller, Branch Correspondent.*
